12	Sarovar Grande	720	599	6	0	360	94	337	89	42	11	0	0	379	0.63

1. Above consumption includes clubhouse, swimming pool refilling, car wash & public rest rooms.

2. Treated water recycled for flushing not included above.

3. Refer pages - 39, 40, 42, 44, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, for STP treated water details.

4. In Sarovar and Aura, Metro water meter not working properly

5. In Elina and Kanopy Tulip, average water consumption per day was high due to metro water was used for garden & flushing.

6. In Elixir, average water consumption per day was high due to water was used for garden in addition with STP treated water.
